### CODE DE NETTOYAGE

- **WS:** Utiliser un agent nettoyant à base d'eau ou de mousse ou un solvant pur et sans eau.

Plusieurs facteurs tels que le type d'utilisation et l'entretien peuvent influencer la durabilité et l'apparence originale.

Les résultats Wyzenbeek dépassant 100 000 doubles frottements n'ont pas démontré être un gage de longévité accrue du produit.

## TECHNICAL INFORMATION

| Width - Pattern                                                                                                | Content                                                                    | Finish  | Abrasion (D.F.) | Lightfastness       | Cleaning Code |
|----------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------|---------|-----------------|---------------------|---------------|

### CLEANING CODE

- **WS:** Use water-based or foam cleaning agent, or pure water-free solvent.

Multiple factors affect fabric durability and appearance retention, including end-user application and proper maintenance.

Wyzenbeek results above 100,000 double rubs have not been shown to be an indicator of increased lifespan.
